## Welcome to the Kiwi Research Information Service

This website is a gateway to the open-access research documents produced by universities, polytechnics, and other research institutions throughout New Zealand.

We have harvested research document metadata from around New Zealand and collected it in one place. You can use this website to search for research documents by specific subjects or authors, browse the research in various ways, and keep up to date on emerging research activity.

If you're a researcher at a New Zealand institution, we encourage you to deposit your research outputs to your institution's research repository. nzresearch.org.nz will harvest them and distribute them to your peers - both in New Zealand and internationally.

### Participating Institutions

#### Universities

- [Auckland University of Technology](#) (267 Records)
- [Lincoln University](#) (126 Records)
- [Massey University](#) (165 Records)
