

International Symposium

Libraries in the "Big Data" era: Strategies and Challenges in Archiving and Sharing Research Data

Program

February 05, 2014 (Wed.), 13:30-17:00

Auditorium, Annex, Tokyo Main Library, National Diet Library

13:30- **Greeting message**

Masaki Nakayama (Director General of Digital Information Department, NDL)

13:35- **Toward a development of "Knowledge Infrastructure"**

Michiko Kawanabe (Director of Business, Science and Technology Division, NDL)

13:40- **[Lecture] Recent activities in global research data management**

Dr. Yasuhiro Murayama

(Director of the Integrated Science Data System Research Laboratory, National Institute of Information and Communications Technology/ Visiting professor, Research Institute for Sustainable Humanosphere, Kyoto University)

14:00- **[Keynote Lecture] TIB's action for research data management as a national library's strategy**

Dr. Peter Loewe

(Head of Development, German National Library of Science and Technology/ Visiting Scientist [High Performance Computing], GFZ German Research Centre for Geosciences)

14:50- Break (10 minutes)

15:00- **[Case Study 1] State of data sharing in Agricultural Research**

Mr. Takuji Kiura

(Senior Researcher, Agriinformatics Division, Agricultural Research Center, National Agriculture and Food Research Organization)

15:15- **[Case Study 2] Data Preservation and Dissemination at SSJDA (Social Science Japan Data Archive)**

Dr. Hiroki Sato

(Professor, Interfaculty Initiative in Information Studies, Institute of Social Science, The University of Tokyo)

15:30- **[Discussion] Future of research data management: What should libraries do?**

Dr. Masaru Kitsuregawa

(Director General, National Institute of Informatics/ Professor, Institute of Industrial Science, The University of Tokyo)

Dr. Peter Loewe

Dr. Yasuhiro Murayama : moderator

16:15- Break (10 minutes, deadline for accepting questions)

16:25- **Overview with Q and A (by all lecturers)**
